### Building Committee News!

[DAVID MUNYAK](#)  
EAST ST

One of the first tasks that the current Building Committee undertook was to create a document outlining the history of the committee, it's actions, and the current state of affairs.

The goal was to create a common ground for the committee and provide a place from which to proceed forward. The document would also serve as a primer for newer committee members who were unaware of all that had transpired, and finally, it could be used to inform the public about how and why past decisions were made which will provide a frame of reference for future actions.

This seven page document entitled "Middletown Springs Building Committee: A Committee of the Middletown Springs Selectboard - History and Progress Report - January 2010 through May 2012 with Addendum" was approved by the Building Committee on June 21, 2012. You may obtain a printed copy from the Town Clerk or request a PDF copy from any member of the Building Committee.

Pay particular attention to the Building Committee Creed on page 6. Historic Preservation Architect Tom Keefe had this to say "The Building Committee Creed in the Draft Narrative is excellent- nice to see this approach articulated so well."

We hope you find this document enlightening.
