Building Committee News!

[DAVID MUNYAK](#) – EAST ST

Have you seen all the piles of stuff down on the new town property?

On Saturday, November 17, sixteen people volunteered their time to clean up the property on the four corners. They picked up trash and recyclables, gathered scrap metal, cut down overgrown trees and brush, mowed, raked, weedwacked, and secured the building. The trash, metal and recyclables will be removed after we coordinate things with the Selectboard at their meeting this Thursday. The brush needs to be chipped, burned or hauled away. If anyone has a chipper to lend or wants the brush for themselves, let me know.

Thank you to all the hardworking volunteers that donated their time to spruce things up before winter!

The Building Committee meets on the first Wednesday and third Thursday of each month. Meetings are open to the public.
