No meeting for Feb 6(canceled due to weather) and Feb 21(lack of quorum).

Public Comments: none

Listening Tour next Steps

o Update on other Proposed Facilities

- Looked at the drawing provided by the FD for the proposed FH
- D. Wright will look into info about the application process for the design grant he found info about.
- SB got a grant to do the survey study to decide if the West St property is useable for town facilities and to what degree.
- SB is looking to establish another BC to focus on the other town projects, with key stakeholders from each project. The committee discussed ways that the SB could approach the other infrastructure projects in an equitable and efficient way.

o Town Mtg Recap

- Everything passed.
- We discussed how the SB and BC can best follow up with the community after town meeting to talk about how the projects will move forward.

o Next Steps

- We discussed that we need to reach out. To CPG again to talk about how we might or might not move forward with the feasibility study for the town office/ library or all the municipal facilities.
- We discussed getting more visuals for the town office/library building to help people better visualize what the building will look like on the corner. D. Munyak will work with a colleague for more renderings, and D. Wright also has a lead on a potential resource to develop a digital 3D photograph of the four corners with the anticipated building via drone.

Meeting Adjourned 8:18pm

Next meeting Thursday March 21, 7pm Library
